

SECTION 302/303 NOTIFICATION FORM

A revised notification must be submitted within 30 days if the facility coordinator changes.

This form must be submitted within 30 days of beginning to store an extremely hazardous substance (EHS) in an amount that exceeds the threshold planning quantity (TPQ)

The storage of any EHS over the TPQ triggers reporting. If you begin to store another EHS, an additional submittal is not required (notice this form does not request information about the specific EHS, rather it is a means for you to provide facility contact information).

Mail one copy of this form to your Local Emergency Planning Committee (LEPC) and a second copy to the State Emergency Response Commission (SERC) at: SERC-DENR, Joe Foss Building, 523 E. Capitol Ave., Pierre, SD 57501

Circle either "NEW NOTIFICATION" or "REVISED NOTIFICATION"

NEW NOTIFICATION

REVISED NOTIFICATION

Facility Name:

Mailing Address:

Mail City, State & Zip:

Describe Actual facility location:

County where facility is located:

This facility handles one or more substances on the Extremely Hazardous Substances List (EHS) established by the Environmental Protection Agency (EPA) under the authority of Section 302 of the Emergency Planning and Community Right-to-Know Act of 1986, otherwise known as SARA Title III or EPCRA. The facility is subject to the emergency planning requirements set forth under Section 303 of this Act.

_____ is designated to serve as facility coordinator.
Name Title

It is further understood that the facility is required to participate in preparing emergency response plans as defined by these sections, and to supply planning information to the local emergency planning committee (LEPC). The facility coordinator will work with the local committee as requested to fulfill these requirements.
